

March 24, 2008 - EASTER BUNNY VISITS TOWN

The Easter Bunny made an early visit in town on March 20, 2008. The visit was a partnership between the Bristol Virginia Sheriff's Office and the Easter Bunny Foundation. The Easter Bunny Foundation is a non-profit organization whose mission is to support children's hospitals across America and throughout the United Kingdom by providing a personal visit and a toy from The Easter Bunny and the local Sheriff during the week of Easter.

While here the Easter Bunny shared Easter cheer and goodies with the children at Bristol Regional Medical Center; pediatric patient area, hospital day care and several critical care units, with a deputy sheriff escort. The visit also included Stonewall Jackson Elementary School, Washington Lee Elementary School, Highland View Elementary School and the YWCA Children's Center
