

July 18, 2013 – THE VICTIM IDENTIFICATION AND NOTIFICATION EVERYDAY SYSTEM (VINE) IS NOW AVAILABLE ON MOBILE

Now it's even easier to find out the status of an offender and to register to be notified about any status changes. VINEmobile is the on-the-go version of VINE (Victim Information and Notification Everyday) that lets you access vital information – and the peace of mind that comes with it – right from your mobile device, 24 hours day, seven days a week. VINEmobile is completely free and anonymous for users.

iPhone or Android smart phone users can get VINEMobile through the app store (iTunes or Google Play) and it is FREE! Just search "VINEMobile" and download it. If you are a smartphone user, please take a minute to download the app and check it out.
